Profile

I am a professional with over 14 years of people and project management experience. I have a great understanding of how to run the company in always changing environment, create custom oriented business, how to plan budgets and create long lasting growth strategies. Professional with good negotiation and problem solving skills, strategic thinking and sharp logic. I am an open-minded and hard-working team player with excellent communication skills, great attention to detail and an analytical approach to problem solving. I am a fast learner, reliable and conscientious individual.

Professional Experience

Jan 2019 – July 2019

Milan Gaming Ltd – General Manager Operations

- Facilitated the seamless transfer of the business to the new owners
- Trained and oversaw the development of new staff in line with the structures of the new company, while also implementing the latest technology guidelines for new staff to follow
- Organised and led weekly catch ups with key stakeholders from around Ireland to discuss latest technology and operation strategy implementation in our 7 core locations to make sure it was running effectively and efficiently.
- Developed a business strategy that would help to scale the business as well as help us to keep our service on a high level and always deliver best in house experience to each and every customer in all 7 locations. Took responsibility for social interaction across social media channels to alert our customers to our latest competitions, offers and rewards programme.

October 2016 – December 2018

Marko Ltd – Executive Director

- Was instrumental in the initialising process whereby a very successful sale of the company's business as a going concern as well as a property portfolio associated with it took place.
- Implemented the latest software systems on all machines that calculated real time data to the main company database.
- Overhauled the company's customers database to compile with GDPR regulations
- Incorporated many computer programmes on company database to showcase company profit and loss accounts, future projections and latest machine software patches to maintain everything up to date to prevent machine shutdowns
- Set up a ticketing system from machines to in house ATM to give customers more control of their withdrawals and more privacy for them

August 2013 – September 2016

Marko Ltd – Operations Manager

- Interacted with other IT specialists around Europe when machines went down due to server problems and following step by step protocol to get them up and running

- Took charge of all casino operations & management of car park operation
